

Sports Premium Spending Expenditure and Impact: September 2017 to August 2018

<u>Objective</u>	<u>Action and cost</u>	<u>Rationale</u>	<u>Impact</u>
<p>Sports coaches from PAS</p> <ul style="list-style-type: none"> - To embed physical activity into the school day. 	<p>£2,800</p>	<p>Providing enrichment activities through sport to help develop the whole child and encourage them to take responsibility for their health and wellbeing.</p> <p>Children learn cooperation, communication, teamwork and a variety of other skills which will prepare them for life. Research suggest that being physically fit helps them to learn better, and also improves your mental health.</p>	<p>100% attendance at sports club sessions by all pupils has been recorded.</p> <p>Conferences with representative children across all key stages show that pupils demonstrate an increasing and pleasing knowledge and understanding of the importance of keeping active and healthy</p> <p>Even the youngest children were able to give examples and older children articulated their responses with confidence. They could clearly describe the impact of being physically fit can help you feel better about themselves. Several children, girls in particular, suggested they were more motivated in class and able to concentrate better after a sports session. Other children thought that many skills acquired could be transferred to other areas of the curriculum and beyond.</p> <p>Most importantly, all children conferenced showed much enthusiasm for the wide range sporting activities offered to them throughout the year.</p>
<p>Sports coaches from Tameside Active</p> <ul style="list-style-type: none"> - To provide qualified sports coaches to work with teachers to enhance and extend current sporting opportunities. - To provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively. - To introduce new sports to encourage more pupils to take up sport and physical activities. 	<p>£16,000</p>	<p>Providing sporting activities to help develop the whole child and encourage them to take responsibility for their health and wellbeing.</p> <p>Children learn cooperation, communication, teamwork and a variety of other skills which will prepare them for life. Research suggest that being physically fit helps them to learn better, and also improves your mental health.</p> <p>To use the funding to make additional and sustainable improvements to the quality of PE and sport within school.</p>	<p>High quality school sports are shown to have contributed significantly to a range of outcomes for children beyond supporting their physical development.</p> <p>Feedback throughout the year, from both coaches and teachers suggests pupils' fitness levels and teamwork skills have improved overall. Valuable social skills have been further developed, which can have life- long impact.</p> <p>Many new sports have been introduced this year, which help meet the needs and preferred learning styles of different groups of children. Children talked in particular about the fun element in Dodge ball and the range of athletic opportunities now offered. They also mentioned the balance between competitive and non-competitive sports.</p> <p>The Daily Mile, introduced at the beginning of the summer term, has proved most successful overall. Many children have enjoyed the regular opportunity to improve their personal best. Some children who previously preferred to be less active actually</p>

<p>Little Bikers providing balance and co-ordination sessions for nursery and reception children</p>	<p>£1,050</p>	<p>Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.</p>	<p>suggested they were beginning to enjoy it. Parents of these children commented positively upon the improvements to health overall.</p> <p>Ongoing monitoring and evaluation by a designated member of staff confirms the initiative has helped further develop a culture that encourages all children to be both active and demonstrate positive attitudes towards themselves and others.</p> <p>This has proved to be a most popular and effective initiative. It has made a great impact upon both our nursery and reception children, not only in providing equal opportunities to further improve balance and coordination but fine motor skills also. The initiative was so successful that school purchased four bikes targeted a number of children who would benefit from 1-1 support. This had a massive impact on their fine motor development.</p> <p>The same package is to be offered next academic year and it is hoped that this will be sustainable in the future, to help provide high quality sports providing opportunities for maximum progress and enjoyment by all.</p>
<p>To provide swimming lessons in the summer term for children in years 6 who have not achieved their 25 metres swimming certificate.</p>	<p>£1,764</p>	<p>Provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the National curriculum.</p>	<p>An increased number of children can swim 25 metres on leaving Gorse Hall and their confidence levels, including water safety have increased. Sixteen children were recently offered extra sessions and 4 achieved the 25 metres (48/60, 80% which is above the national average)</p>

Total received £15,444

Total spent £21,614

Additional £6170 spend funded through Pupil Premium

The number of pupils within the Year 6 Cohort who meet the national curriculum requirement to swim competently, confidently and proficiently over a distance of at least 25 metres, use a range of strokes effectively and perform safe self-rescue in different water based situations is = 44/60 (as at March 2018)
