Headteacher: Miss A E Flood, BA Hons, PGCE, MA Education, NPQH

E-Safety Questionnaire Feedback

- 63 parents responded to our E-Safety questionnaire online
- Parents felt confident in their own technical ability
- Over 50% of pupils spent between 2-5 hours on technology daily
- Most children had access to a tablet tor phone
- Most children use technology for playing games, watching videos online and homework/learning
- Over a third of parents say their children have unsupervised access either some or all of the time
- Youtube, TikTok and Roblox are used by the majority of children
- Parents feel confident that they know how to keep their children safe online
- Most parents feel their children are safe online

Next steps

In response to the survey, nearly half of the parents stated they would like an E-Safety workshop.Due to the type of programmes/apps that pupils at Gorse Hall access, we propose a parental workshop about keeping children safe whilst accessing TikTok, Youtube and newer, less known apps. This will include the dangers of online bullying.

Thank you for your continued support

Miss Evans/Miss Welsh

If you are able to attend please return the slip below.

------I would like to attend the Parental E-Safety workshop on Thursday 7th November 2019 at 5.30 p.m. Please feel free to being children along – we will set up an area to keep them entertained.

My child is in class _____
