**Quality texts:**

**First Hand / Real Life Learning Experiences**

*UW (Science)*

*A visit to the park to complete a treasure hunt finding different things in the park (weather permitting)*

*Easter cupcake decorating workshop*

**UW Geography/Science – Which animals live in Percy's park?**

- Finding out about different British wildlife
- Looking at growth and change of plants and flower; what do they need to grow
- What are the jobs of Percy in the park?

**Important Facts:**

- That there are lots of different animals that live in our parks
- How to look after our own environment and the animals
- That things in the park change with the seasons; the flowers, trees and plants, animals hibernating etc
- That in springtime things begin to grow and change again.
- Features of our park
- The route from our school to the park

**Key Vocabulary**

**Hibernate, nocturnal, spoilt**

**Key Questions**

- Which animals live in the park with Percy?
- What do flowers need to grow?
- How can we look after our local park and make sure that the animals are safe?
- What happens in the springtime
- Features of our local park

**EAD (Art) (DT)**

- To draw different representation of park life and flowers

**PSED (RE)**

- To know about similarities and differences in relation to places, objects, materials and living things. Children talk about features of their own immediate environment and, also how environments might vary from one another.
