

## Parent survey about home/school communication

7<sup>th</sup> February 2023

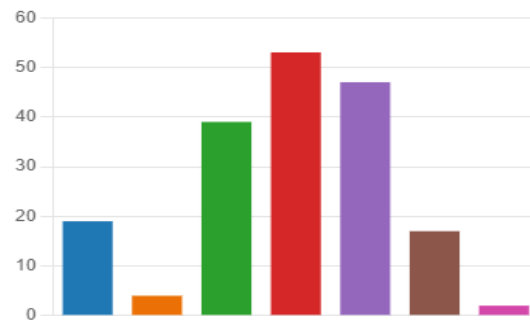

Thank you to all parents/carers who responded to our survey. The LPPA (Leading Parent Partnership award) team have met and discussed ways to move forward and how to do this. We will keep you updated.

Here are the results of the survey ...

1. Which form of school communication do you prefer when finding out about new events, reminders, (0 information etc? point)

[More Details](#)

Facebook	19
School Website	4
SeeSaw (Early years and kS1)	39
MyEd	53
Email	47
Paper letter	17
No preference - any	2

- As you can see My Ed is popular for finding out school information. The LPPA will begin to sign post you through MyEd to really useful sections/support on our website.
- Seesaw is very popular in EYFS/KS1. LPPA is keen for this to extend into year 3 so this is under current discussion for the next academic year.
- Text messages (as indicated in the additional comment section) are also very popular. However, they are very costly and best used in an emergency situation.

Thank you again for you continued feedback and support.

Kind Regards

**The LPPA team**

**Miss Welsh, Miss Evans and Ms Suleman**
