It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

The Headteacher, Leadership Team and Governing Board will be responsible for pupil premium provision, with specific delegated responsibilities taken by individual members, where appropriate. We will ensure that appropriate provision is made for pupils who belong to vulnerable groups; this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed. However, in making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. All pupil premium children benefit from the funding, not just those who are underperforming. Underachievement at all levels is targeted (not just lower attaining pupils).

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<ul style="list-style-type: none">• Poor language skills: many pupils enter the Foundation Stage with Speech and Language that is below the expected level for their age. Over generalisation and limited vocabulary are both factors that limit progress in reading and writing.
2	<ul style="list-style-type: none">• Lack of support at home with reading and homework: parents can lack the confidence, organisation and skills to provide the kind of support needed for learning at home.
3	<ul style="list-style-type: none">• Learning skills and behaviours are not developed: often caused by poor cognitive/social/emotional/ physical development. Can mean pupils are behind their peers in a range of subjects.
4	<ul style="list-style-type: none">• Complex learning needs: some of our disadvantaged pupils also have SEND which causes further, complex barriers. Parents can struggle further to support these children.
5	<ul style="list-style-type: none">• Fewer enrichment experiences out of school: this impacts upon children's wider vocabulary, general knowledge and confidence in a wide range of social situations.
6	<ul style="list-style-type: none">• Issues with social and emotional development: the number of pupils with social, emotional or mental health needs is increasing and these needs can

	be very varied. They sometimes result in extreme and negative behaviours.
7	<ul style="list-style-type: none"> • Attendance and lateness: some pupils have regular issues with attendance and punctuality.
