

Gorse Hall Primary School

Eco and Environmental Sustainability Policy

高高高高高高高高高高高高高高高高高高

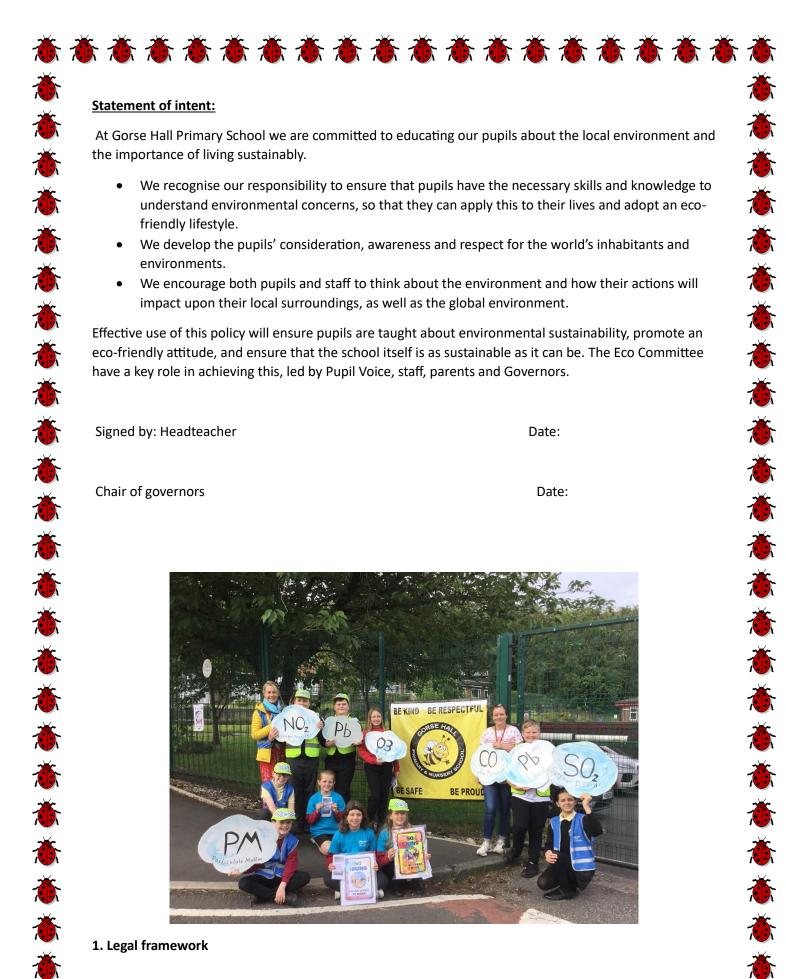

Contents: Statement of intent:

- 1. Legal framework
- 2. Roles and responsibilities
- 3. Waste and recycling
- 4. Waste electrical and electronic equipment (WEEE)
- 5. Littering
- 6. Transport and Clean Air
- 7. School grounds
- 8. Healthy living
- 9. Sustainable farming and fishing
- 10. Energy

- 11. Reducing carbon emissions
- 12. Sustainable procurement of goods
- 13. Curriculum
- 14. Eco School
- 15. Eco Committee, Africa Committee & School Council
- 16. Monitoring and review

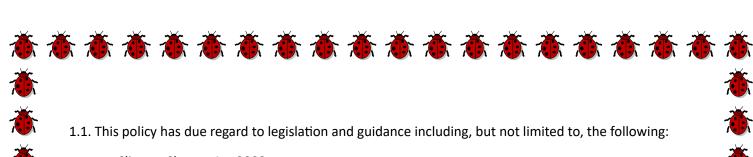

高海海海海海海海海海海海海海海

商商商商商商商商商商商商商商商商

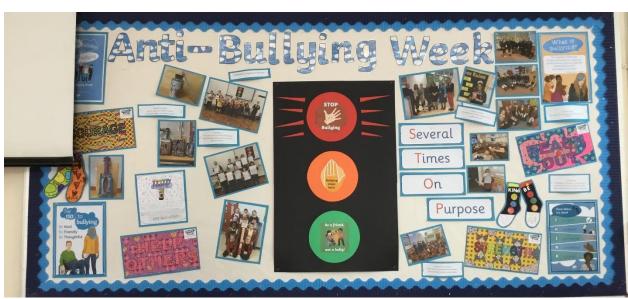

1. Legal framework

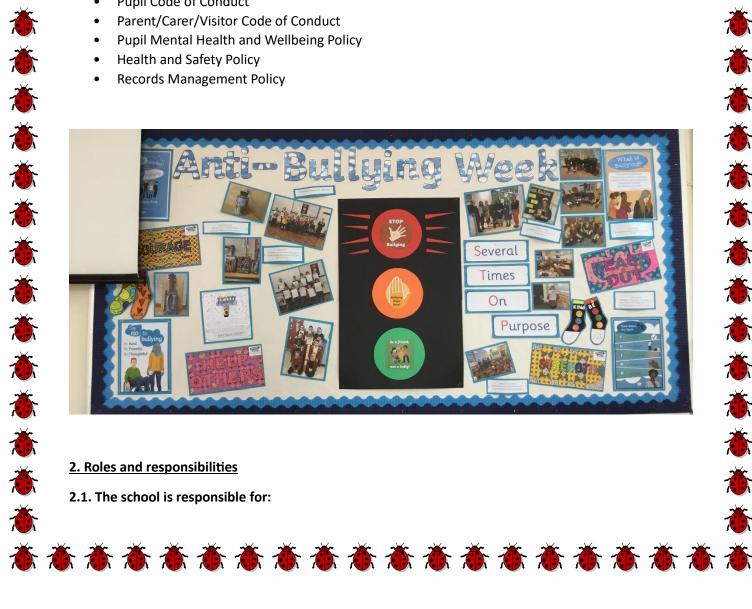

- Climate Change Act 2008
- The Ozone-Depleting Substances Regulations 2015
- **Environmental Protection Act 1990**
- Control of Pollution Act 1974
- DfE (2012) 'Top tips for sustainability in schools'
- The Waste Electrical and Electronic Equipment Regulations 2013 (as amended)

1.2. This policy operates in conjunction with the following school policies:

- **Healthy Eating and Drinking Policy**
- **Data Protection Policy**
- **Behavioral Policy**
- **Anti-Bullying Policy**
- Staff Code of Conduct
- **Pupil Code of Conduct**
- Parent/Carer/Visitor Code of Conduct
- Pupil Mental Health and Wellbeing Policy
- Health and Safety Policy
- **Records Management Policy**

- Allocating a team of Eco Committee annually.
- Meeting regularly with the Eco Committee to determine future actions and focuses.
- Including and engaging staff, governors, pupils, parents and the local community to improve and sustain the world today for future generations.

- Sharing good practice with pupils, parents and the community, and encouraging them to adopt the initiatives outlined within this policy.
- Promoting awareness of climate change through cross-curricular activities.
- Sharing the responsibility with the wider community for promoting and practising policies which show concern and care for the future of the global environment.

2.2. The headteacher is responsible for:

The overall implementation of this policy.

- Ensuring that teaching staff have the necessary knowledge to teach pupils about environmental concerns.
- Ensuring that staff and pupils understand the importance of energy conservation, for example, ensuring that they turn lights off when not in use.
- Communicating with disposal companies regarding the disposal of recyclable and non-recyclable waste, so that the school can implement a waste disposal procedure for all staff and pupils to follow.

着着着着着

- Ensuring that catering staff understand the importance of recycling and disposing of waste sustainably.
- Ensuring that the site manager understands their responsibility to maintain the cleanliness of the school grounds.

2.3. The governing board is responsible for:

- Monitoring and reviewing the school's energy usage.
- Identifying, with the site manager, energy waste and taking the necessary steps to rectify this, such as installing motion sensor lights.
- Checking the environmental standards of suppliers and contractors.
- Ensuring equipment purchased is made from sustainable resources, for example, biodegradable cups for water rather than plastic.
- Ensuring the heating systems are monitored daily by the site manager to ensure the school remains at a comfortable temperature but does not exceed 23°C.

2.4. Teaching staff are responsible for:

- Promoting the need for environmental sustainability in their lessons.
- Ensuring their classrooms are using energy sustainably, for example, ensuring that computers are turned off when not in use.

高春春春春春春春春春春春春春春春春

2.5. The site manager is responsible for:

• Ensuring that outside lights are switched off when they are not needed.

• Monitoring the cleaning staff and advising them on good energy practice/eco friendly products (indoor air pollutant advice)

香香香香香香香香香香香香香香香香香香

2.6. Eco Committee is responsible for:

- Meeting regularly with staff to plan future actions and priorities.
- Completing Eco jobs regularly around school.
- Promote eco-friendly ideologies to their classmates.

2.7. Pupils are responsible for:

- Applying their learning at home and aiming to be sustainable outside of school.
- Walking ,cycling or scooting to school, when possible.
- Using energy sustainably, for example, not leaving taps running.

2.8. Parents are responsible for:

- Promoting an eco-friendly lifestyle at home.
- Encouraging children to walk, cycle or scoot to school, when possible and to use low pollution routes to school.

高高高高高高高高高高高高高高高高高高

- Recycling at home and ensuring that their children understand how to recycle.
- Reinforcing the learning that the school implements in regard to the environment.

3. Waste and Recycling

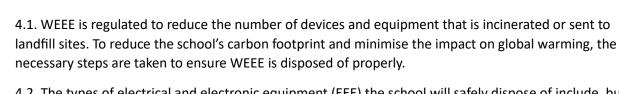

- Writing and printing on both sides of paper wherever possible.
- Using emails as much as possible, to reduce paper waste.
- Using emails, the school's website and parent text messaging procedures when communicating with parents, to reduce paper waste.
- Composting food waste, both from the kitchen and food brought into school by pupils.

- Ensuring selective waste collection and organic waste treatment for composting and mulching. Putting used paper in a scrap paper drawer and re-using it whenever possible.
- Only printing documents when it is essential.
- Making sure that all waste office equipment is correctly disposed of via re-use or recycling schemes.
- Where possible, encouraging pupils to share worksheets.
- Where possible, laminating frequently used documents, protecting them from damage and prolonging their use.
- 3.2. We will ensure that there is water available for pupils to drink from and refill their water bottles.
- 3.3. Pupils will be encouraged to bring reusable water bottles into school, as opposed to disposable plastic bottles.
- 3.4. Any disposable plastic bottles brought into school will be recycled.
- 3.5. There will be clearly labelled bins located throughout the school for recycling, food waste and general waste.
- 3.6. We will display posters explaining important environmental considerations, for example, what sort of waste can be recycled and how litter can be detrimental to the environment.
- 3.7. Any paper containing personal or sensitive information will not be re-used and will be disposed of in accordance with the school's Data Protection Policy.
- 3.8. Litter picking volunteers will be in year groups no larger than 3 and will be accompanied by a member of staff at all times

4. Waste electrical and electronic equipment (WEEE)

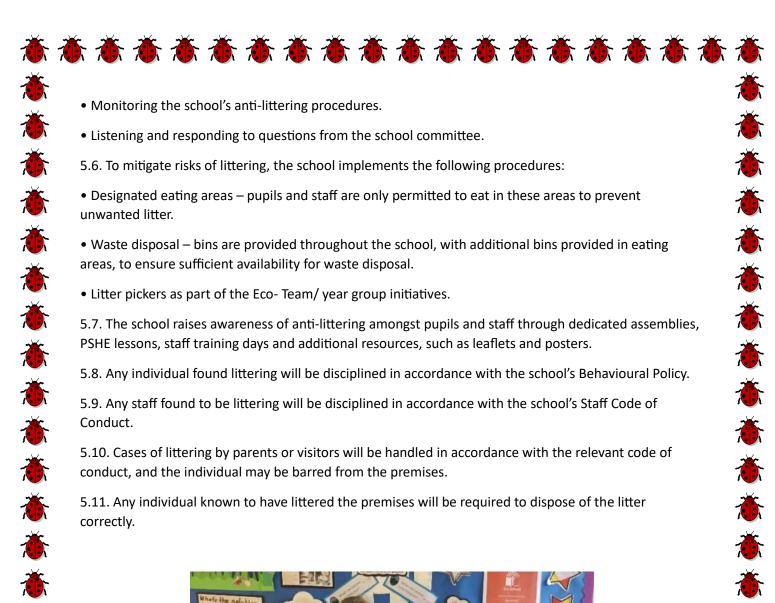

- 4.2. The types of electrical and electronic equipment (EEE) the school will safely dispose of include, but are not limited to, the following: Desktop computers Servers Laptops Monitors Printers Projectors Scanners Interactive whiteboards
- 4.3. The headteacher, in collaboration with the ICT coordinator, will find a suitable local partner, e.g. a producer of EEE that manufactures and sells EEE under their own brand, to dispose of WEEE safely. The headteacher will contact the LA for more information and guidance, where necessary.
- 4.4. Before choosing a partner to dispose of WEEE, the ICT coordinator and DPO review the potential partner's risk assessments and procedures to determine whether the school's WEEE and any data stored will be handled and disposed of correctly.
- 4.5. Once a partner is selected and WEEE is ready to be removed from the school, the ICT coordinator will undertake a risk assessment in collaboration with the partner to ensure all EEE is removed safely and securely from the school.
- 4.6. WEEE which hold personal data, or data the school needs to fulfil legal obligations, e.g. relating to safeguarding, are reviewed by the DPO to ensure the data is no longer needed or has been backed-up. Data is securely deleted or backed-up in accordance with the Data Protection Policy and Records Management Policy. 5.

Littering

- 5.1. The school understands that, under the Environmental Protection Act 1990, littering is a criminal offence.
- 5.2. Every member of the school community has a duty to dispose of waste properly. Specifically, individuals are responsible for:
- Putting litter in a bin
- Using the appropriate recycling bins.
- Using resources thoughtfully.
- Reusing resources where possible.
- Assisting the site manager and eco committee with the cleanliness of the premises.
- 5.3. The site manager takes overall responsibility for the overall cleanliness of the school premises.
- 5.4. The site manager arranges and coordinates waste disposal from the premises and ensures that items are disposed of correctly.
- 5.5. The school appoints an Eco Committee consisting of staff members and pupils, who are responsible for:

高高高高高高高高高高高高高高高高高高

Promoting awareness of anti-littering throughout the school

• Litter pickers as part of the Eco-Team/ year group initiatives.

5.7. The school raises awareness of anti-littering amongst pupils and staff through dedicated assemblies, PSHE lessons, staff training days and additional resources, such as leaflets and posters.

*

香香香香香

5.8. Any individual found littering will be disciplined in accordance with the school's Behavioural Policy.

5.9. Any staff found to be littering will be disciplined in accordance with the school's Staff Code of Conduct.

5.10. Cases of littering by parents or visitors will be handled in accordance with the relevant code of conduct, and the individual may be barred from the premises.

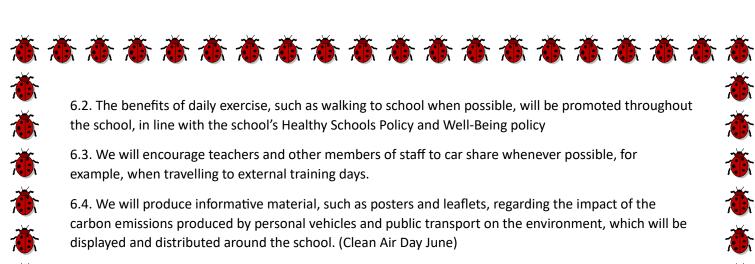

5.11. Any individual known to have littered the premises will be required to dispose of the litter correctly.

高高高高高高高高高高高高高高高高高高

6. Transport

6.1. Pupils and staff will be encouraged to walk to school, where possible.

- 6.5. We will have suitable and safe storage for staff and pupils to store bicycles.
- 6.6. We recognise that there are risks involved when individuals choose to walk or cycle to school; therefore, we will organise road safety lessons in PSHE. Y6-Bikability
- 6.7. For those pupils and staff members who are unable to walk or cycle to school, we will organise more sustainable modes of transport whenever possible such as organising a school bus rather than using personal vehicles.

7. School grounds

- 7.1. The governing board and the site manager will monitor the consumption of energy within the school, recognising where the school is wasting energy and implementing measures to reduce energy consumption, e.g. introducing motion sensitive lights.
- 7.2. Energy saving lightbulbs will be used throughout the school.
- 7.3. The governing board will monitor heating within the school, assessing whether it is at an appropriate temperature and frequency and adjusting it accordingly.
- 7.4. When new buildings or refurbishments are being planned, we will always consider any environmental impacts and the governing board will consult an expert.

高海海海海海海海海海海海海海海

8. Healthy living

- 8.1. We will promote an ethos of environmental understanding. Pupils will be taught to understand that their actions have a direct impact upon the environment.
- 8.2. We will discourage environmental indifference and promote the importance of understanding the impact that each individual has on the environment.
- 8.3. We will encourage staff and pupils to adopt healthy lifestyles, as healthy lifestyles often lead to a sustainable lifestyle, for example, walking instead of driving.
- 8.4. We will ensure pupils get at least 60 minutes of moderate exercise a day, in line with NHS recommendations.

9. Sustainable farming and fishing

- 9.1. We will teach pupils where food comes from as part of the PSHE lessons, including giving them first-hand experience of growing their own fruit or vegetables. Gardening Club/Africa Committee
- 9.2. We will organise educational visits to food suppliers and producers to aid pupils' understanding as to where food comes from.
- 9.3. School meals will be designed with due regard to seasonal produce and locally sourced food. 9.4. Where possible, we will approach local food suppliers for their produce to be used in school meals.
- 9.5. Pupils will be taught about the importance of sustainable fishing and farming, and any fish products used in school meals will be sustainably sourced.

商商商商商商商商商商商商商商商商商

10. Energy

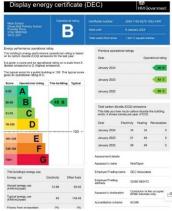

10.1. We will reduce our energy usage by:

 Keeping doors and windows shut in cold weather and installing draught excluders so that warm air is retained.

高春春春春春春春春春春春春春春春春春

- Turning off energy-draining appliances, for example, computers, projectors and interactive white boards, when they're not in use.
- Monitoring the temperature and frequency of heating in the school and adjusting it accordingly.
- Conserving water by installing systems that reduce waste such as cistern dams and flow restrictors.
- Insulating hot water pipes to reduce water waste when running a tap, as well as reducing the likelihood of frozen pipes in winter.
- Ensuring all systems work efficiently, and any breakages or leaks are resolved as a matter of high priority by the site manager.
- Auditing the amount of energy used each term.
- Upgrading the school's heating system to a modern, more efficient system, including a smart meter, to reduce emissions.
- Switching to high efficiency combined heat and power (CHP) (HE CHP) or CHP based on renewable energy sources, or gas-fired CHP only.
- Increasing the share of electricity from renewable energy sources or biomass. Displaying information around the school and in classrooms to ensure that pupils understand the importance of switching off lights, computers and taps when they're not in use.
- Monitoring the environmental sustainability of suppliers and adjusting procurement arrangements accordingly.
- Making all members of the school's community aware of the link between energy use and financial costs.
- Appointing an individual, e.g. the site manager, to ensure that these measures are carried out.
- 10.2. We will display our Display Energy Certificate in plain sight, for example, in the school foyer

11. Reducing carbon emissions

11.1. We are committed to reducing our overall carbon emissions. Emissions will be reduced by: • Implementing renewable technologies that export surplus energy to the national grid. • Implementing a rewards system for pupils and/or staff who reduce carbon emissions by walking, cycling or taking public

高海海海海海海海海海海海海海海

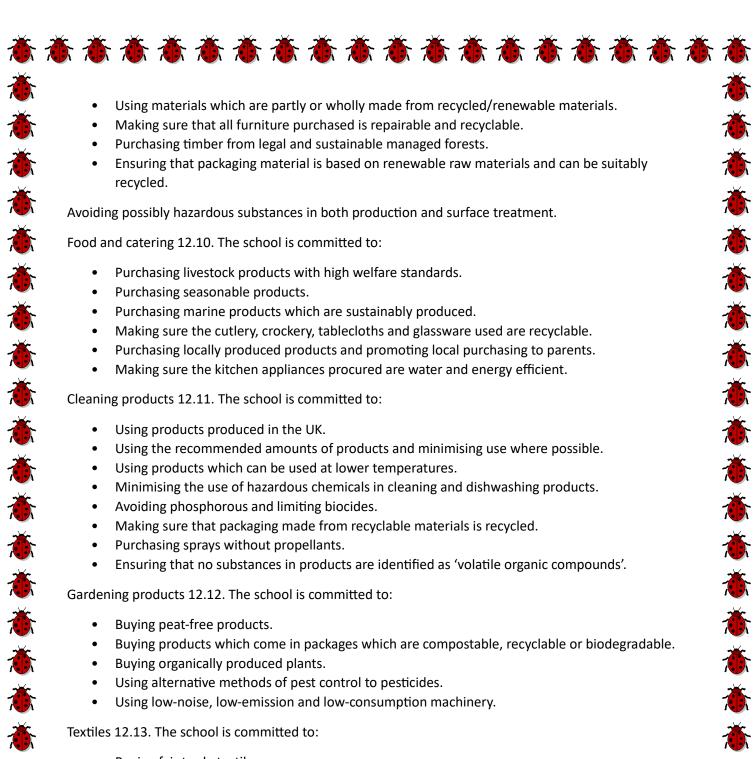

- At the installation stage, ensuring the system works energy efficiently.
- Promoting the use of lamps with low mercury content.
- Recycling all waste products appropriately.
- Office equipment
- 12.8. The school is committed to:
- Buying energy efficient models.
- Buying products which have a low impact on the environment through their life cycle.
- Buying recyclable products with a long lifespan and recyclable packaging.
- Buying products with a restricted amount of hazardous material.
- Buying products with restricted noise emissions.

Furniture 12.9. The school is committed to:

Buying furniture that is produced with environmentally friendly material and processes.

高高高高高高高高高高高高高高高高高高

- Buying fair trade textiles.
- Ensuring that clothes or materials purchased contain natural fibres or organic cotton.
- Buying textiles with lower residues of substances harmful to human health.
- Buying textiles with a reduced use of environmentally harmful substances in production.

商品商品商品商品商品商品商品商品

- Buying textiles/materials that can be reused or which have been previously used.
- Reusing purchased items, e.g. uniforms, ties, and school bags.

13. Curriculum

13.1. We aim to provide pupils with knowledge, skills and understanding in biodiversity and sustainability, by embedding the topics within many areas of our curriculum.

Science:

- Pupils will be taught about how animal extinction can impact ecosystems.
- Pupils will be taught about how deforestation and loss of habitat can impact species. Geography:
- Pupils will engage in discussions about windmills and other sustainable energy sources, outlining the advantages and disadvantages.
- Pupils will be given case studies to analyse, such as looking into the effectiveness of sea defences.

English literature:

• Pupils will be given nature poetry to read, assessing how the environment is depicted and the implications of these depictions.

苍苍苍苍苍苍苍苍苍苍

 Within writing units pupils will look at the impact of waste such as plastic and write persuasive letters

14. Eco School

14.1. Gorse Hall Primary School is a member of the Eco Schools programme for 27 years and has been awarded Green Flag with Distinction for the past three years.

This is a global programme, which develops pupils' skills, raises environmental awareness, improves the school environment and creates financial savings for schools as well as a whole host of other benefits. The structure of the EcoSchools process is made up of:

高海海海海海海海海海海海海海海海

- The Eco Committee
- The Environmental Review
- The Action Plan
- Curriculum links
- Monitoring and Evaluation
- Involve and Inform the Wider Community
- Eco Code

16.3. All members of staff are required to familiarise themselves with this policy.

高高高高高高高高高高高高高高高高高高

16.4. The scheduled review date for this policy is September 2026
